

JAPAN INTENDS TO RENEW COMPLAINT

Will Contend for Right of
Her People to Own
Land in U. S.

ADmits PURPOSE

Negotiations Over Questions
Not Regarded By Japan
as Concluded

LIKENS CASE TO U. S.-MEXICO

WASHINGTON, Sept. 27.—Japan's purpose to renew after the European war her contention for the right of her people to emigrate to and own land in the United States suggested in New York yesterday by Baron Yoshida Sakatani, former finance minister in the Tokio cabinet, was frankly admitted today at the Japanese embassy. Negotiations over these questions which came to a deadlock two years ago, are not regarded by Japan as concluded, it was explained, but merely postponed while the larger issues of the war are being dealt with.

The deadlock followed a long series of conferences between former Secretary Bryan and Baron Chinda, then the Japanese ambassador and an exchange of notes between the two governments over the alien land legislation enacted by California. After the state department had pointed out that under its constitution the United States government could do no more than seek to prevent such legislation and persons affected by it had recourse to the federal courts, Japan closed the exchanges with a note saying her complaint had not been answered and reserving "for the present further discussion of the issue."

There will be no formal discussion of the subject by the embassy at least until the arrival of the new ambassador, Dr. Amoro Sato, who is expected in Washington in a few months.

The position of the Japanese government, according to informal statements by embassy officials, still is that restrictions on immigration and land holding are not only derogatory to her dignity, but are unjust under international law in that they are discriminatory against her in favor of other nations. Removal of these restrictions, it is explained, are regarded as Japan's third and final step in her rise to statehood, the first two being the abolition of extra territoriality and the negotiation of commercial equity treaties. The embassy believes the negotiations will be most friendly in character, officials declaring good relations with this country are looked upon as combining with Japan's vital interests in China and the alliance with England to form the three cardinal points of Japanese foreign policy.

Japanese policy toward the proposed trade war after the war will be outlined here Friday with the visit of Baron Sakatani, who is just back from the recent Allied economic conference at Paris. The baron will be entertained at lunch by James Brown Scott, secretary of the Carnegie Peace Endowment and at dinner by Tokichi Tanaka, the Japanese charge.

The Pacific Islands, north of the equator including the Caroline and Marshall groups, which were seized from Germany early in the war will be awarded to Japan according to the embassy view at the peace conference. Already, as cable dispatches have shown, Japanese schools, banks and steamship lines have been established there and every effort made to make them part of the island empire.

Likens Case to U. S. and Mexico
New York, Sept. 27.—That the open door in China is for the best interest of Japan, just as a peaceful Mexico with thriving trade is to the interest of the United States was the declaration of Dr. T. Iyenaga here today at the luncheon of the Japan Society to Baron Sakatani, former minister of finance and representative of Japan at the recent economic conference of the allies. Dr. Iyenaga, lecturer and publicist, said the case of Mexico in respect to the United States, while not exactly parallel to that of China and Japan, was somewhat similar.

Baron Sakatani who spoke briefly, expressed the hope that America and Japan "will remain as the have been for the last sixty years, fast friends and co-operative in the development of commerce and resources of the regions bordering on the Pacific."

SURFACE INDICATIONS OF TIE-UP LACKING

UNION LEADERS CLAIM 125,000
WORKERS HAVE JOINED STRIKE

New York Police States They Have
Received No Reports to Substantiate
Estimates. Actual Situation
Confused Because of Jewish Holidays.

New York, Sept. 27.—Altho labor leaders insisted tonight that the general strike of trade unionists in the greater city in aid of the car men who quit their places Sept. 6 eventually would involve at least a half million workers, there were no surface indications of a tie-up of the city's industries, as threatened, after announcement was made today that the strike had begun.

While the union leaders claimed that 125,000 workers in various trades had joined the movement, with twice as many more ready to "walkout" tomorrow, the police say they had received no reports to substantiate any such estimates. The actual situation, it was said, was confused because of Jewish holidays which are being celebrated here by more than 100,000 union workers.

Leaders of the Amalgamated Association of Street & Electric Railway Employees, whose members are on strike, were encouraged tonight, they asserted, over the possibility of the Brotherhood of Locomotive Engineers coming to their aid. Officials of that organization notified the Public Service commission during the day that Theo. P. Shonts, president of the Interborough Rapid Transit company had refused to see them and discuss alleged grievances of motormen in the employ of the Interborough who are members of that brotherhood. Mr. Shonts declared tonight however that there were no differences between the motormen and the company.

Two hundred and five representatives of various unions at a meeting late today ratified the sympathetic strike, order it was announced and agreed to call out the members of their organizations tomorrow. While this meeting was in session the grand jury returned indictments against 15 persons accused of stone throwing, assault on car crews and smashing car windows during the car strike.

COMMISSION EXPECTS TO CONCLUDE CONFERENCE OCT. 15

NEW LONDON, Conn., Sept. 27.—The Mexican-American joint commission expects to conclude its conference not later than Oct. 15, it was learned tonight. The work here virtually was finished today, altho a short session will be held tomorrow when adjournment will be taken until Monday at Atlantic City. It was stated under conditions were discussed today and that some consideration was given to the banking question. The Mexican commissioners explained to the Americans today that the departure for Mexico of Eliseo Arredondo, Mexican ambassador-designate, was in no way connected with the negotiations. The Mexican representatives were the guests of honor tonight at a dinner given by Franklin K. Lane, head of the American representatives.

General Dickson will reach Springfield today to receive instructions. Governor Dunne has been furnished with a mass of information by both miners and mine officials.

Following him Dr. Iyenaga declared that he could speak more freely. He said he was not hampered in public utterance by being on a government mission as was Baron Sakatani.

DEFENDS CHICAGO BAKERS WHO ARE TO RAISE PRICE OF BREAD

Special Committee of Flour Men's
Club Issues Statement.

Chicago, Sept. 27.—Defense of Chicago bakers who have announced a rise in the price of bread to take effect tomorrow was made in a statement tonight by a special committee of the Flour Men's Club. Shortage in the wheat crop and the consequent high price of the chief ingredient, they said, made the baker charge more for his product, or fail. "When the price of wheat advanced fully sixty cents a bushel from the nominal average of other years, it increased the cost of flour, from \$3.00 to \$3.50 a barrel," the statement said, "this was due to the shortage of the wheat crop as evidenced by the government report which shows a shortage of 400,000,000 bushels.

"Almost every commodity used in the manufacture of bakers' products had advanced materially, including flour, sugar, lard, salt and labor. All indications are that the price of wheat and flour up to the harvest year of 1917 will remain high. The baker must advance the price of bread to stay in business."

PATHTIC CIRCUMSTANCES SURROUND DEATH OF MRS. FARWELL

DULUTH, Minn., Sept. 27.—Pathetic circumstances surround the death aboard the passenger steamer Ocotara, which docked here yesterday of Mrs. Elmer Jane Farwell, of Detroit. She was 75 years old, a widow, and reputed to be very wealthy. She apparently found her greatest recreation in riding on lake steamers. Her son and a nurse accompanied her, on the fifth trip at Detroit two weeks ago but declared she wanted to go once more and "call it a season."

Thinking his mother would get off at Detroit, the son had her baggage taken ashore there and returned to the boat for her. She had barricaded herself in her stateroom however and he returned the baggage to the boat and accompanied his mother to Duluth. She died en route of old age.

WOUNDED WOMAN CONTINUES SILENT

Companion of Murdered
Garage Owner Still in
Critical Condition

MAY BE CHICAGOAN

Joseph C. Leduc Goes to Philadelphia
Fearing Wounded
Woman May Be His Wife

RELATIONS NOT IMPROPER

PHILADELPHIA, Sept. 27.—The wounded companion of J. C. Graveur, prominent New York social worker and garage owner, who was shot and killed by Mrs. Harry Belzer, a discarded sweetheart, who then committed suicide, in a hotel here early today, continued late tonight to maintain the silence which she has kept ever since the triple shooting. Altho she could not be drawn into any admission, the police are convinced that she is the wife of Joseph C. Leduc, a well known Chicago business man who is reported to be on his way here to make the identification. Mrs. Hobart Mann, of Brooklyn, said to be her sister, visited her in the hospital tonight, but refused to make known the identity of the wounded woman, who still is in a critical condition.

Identification of the murderess and suicide was made nine hours after the shooting by Mrs. Francis Apman, of New York, a sister of the dead man who came here with Harry V. Fancie his business associate, upon receiving word of the tragedy. Mrs. Apman informed the police that her brother had been friendly with Mrs. Belzer, whose maiden name was Margaret McAndrews. Mrs. Apman also visited the wounded woman in the hospital but claimed to be unable to identify her.

Graveur according to investigations made by the police today left New York on an automobile tour Sept. 12 while on Sept. 19 a "Mrs. Leduc, Chicago," registered at the hotel Theresa in that city. Whether this is the same woman who accompanied him here or a different Mrs. Leduc, the police were unable to determine. Several articles of clothing worn by Graveur's companion bear the trademark of Chicago shops.

Receipts bills found in Graveur's possession show that he and his companion had spent Friday and Saturday in Atlantic City. Cards bearing Mrs. Leduc's name were found in the handbag carried by Mrs. Belzer and it was at first supposed that that name was her name. A telegram signed J. C. Leduc, South Michigan Ave., Chicago, was received today by the authorities at the hospital where the wounded woman is a patient requesting information as to her condition. Late tonight another message bearing the same signature was received by the local police. It was to the effect that the sender would leave immediately for this city.

Leduc Leaves for Philadelphia.
Chicago, Sept. 27.—Fearing that the woman who was severely wounded in a sensational shooting affair in a Philadelphia hotel may prove to be his wife, Joseph C. Leduc, manager of a local branch of a New York clothing house left today for Philadelphia. Before going he notified Mrs. Leduc's sister, Mrs. Charles F. Vogeding that he had been notified Mrs. Leduc was seriously ill.

Mrs. Vogeding who lives near the apartment occupied by the Leducs said her sister had left here two weeks ago to visit relatives in New York and that she intended to visit Philadelphia on her way home. She said that her sister's domestic life had always been happy and that she knew of no estrangement.

Leduc is an amateur golfer well known throughout the west. He has participated in several western championships and was formerly a member of the Edgewater club where his rating was next to "Chick" Evans.

Mrs. Leduc had told her husband that she planned to motor from New York to Philadelphia according to Mrs. Vogeding. She wrote: "Mr. Graveur is going to drive me from New York to Philadelphia in his car. You know I do not care much for him, but I will go for your sake."

Mrs. Leduc was married about sixteen years ago. She was known here as a concert singer of some ability and had appeared in numerous private recitals. Recently she had had a nervous breakdown and had taken up golf to restore her health, Mrs. Vogeding declared.

"She has been weighing 180

War News Summarized

The twenty mile battle-line running from the Ancre river to the Somme is being rapidly transformed by the great offensive of the Entente Allies into an irregular triangular wedge in the German line, with the bases respectively in front of Thiepval, and west of Peronne and the point projecting across the Bethune road, and into the St. Pierre Vaast wood.

On the British end of the line in the region of Thiepval, and eastward, to the north of Flers, the British in Wednesday's fighting gained further successes over the Germans, and likewise the French east and southeast of Rancourt, drove their troops forward, and entered St. Pierre Vaast Wood.

To the south of this region from Bouchavesnes to the southern edge of the Bous Abbe farm the French were compelled to face a violent attack by the Germans which was beaten off, the Germans being thrown back in disorder according to Paris.

The British gains included German trenches on a front of 2000 yards north of Flers and a strong redoubt on a hill 2000 yards northeast of Thiepval. To the northwest across the Ancre, successful raids were carried out by the British opposite Beaumont-Hamel.

Ten thousand prisoners have fallen into the hands of the British in the last fortnight's fighting on the Somme front, according to London.

There still is little news coming from the Russian and Austro-German war offices concerning the fighting on the eastern front. Petrograd asserts that aside from skirmishes at various points there is nothing to report. Berlin however records the repulse of a Russian attack in Galicia near Luddova with heavy casualties to the Russians.

On the Roumanian front battles are taking place at various points near the Transylvania border. Berlin reports progress for the Teutonic Allies near Hermannstadt, while Bucharest chronicles the defeat of the Austro-Germans in the Jiu valley and their hasty retreat north and northwest. Quiet prevails in the Dobruja region.

According to the Bulgarian war office, the Bulgarians have forced back the troops of the Entente Allies over the whole front in Macedonia. Paris, however, says that violent Bulgarian attacks on Kalamakom height were repulsed with heavy losses.

Artillery duels continue along most of the Austro-German front. In the fighting in Asiatic Turkey, Petrograd claims successes for the Russians along the Black Sea coast, in Armenia near Giumichan, and on the Persian front in the vicinity of Hamadan.

BARR WILL CONTEST NOMINATION FOR ATTORNEY GENERAL

CHICAGO, Sept. 27.—Representatives of Richard J. Barr of Joliet, who have been watching the official canvass of the Cook county primary vote declared tonight that he would contest the nomination of Edward J. Brundage of Chicago for attorney general on the Republican ticket.

Barr, it is said, will charge irregularity in one ward where Brundage gained 1,000 votes on the official canvass and in a number of precincts in other wards where the vote given Brundage was larger than the total number of ballots cast. Barr will, it is said, demand that the ballots in Chicago be recounted. Brundage on the face of the returns was nominated by nearly 3,000.

COUNTY TREASURERS SELECT BLOOMINGTON FOR NEXT MEETING

PEORIA, Ill., Sept. 27.—Bloomington, Ill., was awarded the next convention of the County Treasurers' association at the closing session here today.

The members went on record favoring a revision of the revenue article of the state constitution. Resolutions were also adopted favoring the adoption by the voters on November 7, of the pending amendment to give the general assembly authority to revise personal property assessment laws.

pounds and this trouble isn't hers," said injured woman's sister. "Mrs. Leduc was wrapped up in her home and her husband. They had no maid and had been like turtle doves."

"They use to live in New York and she studied there and had many friends. One of these was Mr. Graveur who has known Mr. Leduc for years. It was perfectly natural that she should have seen him and that he should have motored with her to Philadelphia."

"The friendship between the two men was so close that Mr. Leduc was always glad to know his wife was in his company. It was one of those close friendships which so often exist and which so often are misunderstood. I know Mr. Leduc will be able to clear up his sister's name and to show that she was the innocent victim of a jealous woman."

ROBBERS HOLD-UP TRAIN NEAR DETROIT

RANSACK BAGGAGE AND MAIL CARS
AND ESCAPE

Bandits Extinguish Fire in Locomotive and Beat Engineer and Fireman Severely. Amount of Loot Secured Unknown.

Detroit, Mich., Sept. 27.—Michigan Central passenger train No. 14, known as the New York-Chicago Express, bound from Chicago to Detroit, was held up by a gang of robbers near Dearborn, 10 miles west of here late tonight.

After stopping the train by disarranging the block system the men uncoupled the mail and baggage cars from the rest of the train and had them hauled down the track a distance of two miles. Here they ransacked both cars including the registered matter in the mail car and escaped after extinguishing the fire in the locomotive.

The amount of the booty obtained will not be known until postal authorities have checked up on the registered mail.

Several automobiles loaded with policemen and deputy sheriffs left Detroit for the scene immediately upon receipt of word of the hold-up.

When the police and deputy sheriffs arrived at the place where the engine and two cars had been stopped they learned that Engineer Farmer and Fireman Dougherty had been badly beaten up and thrown from the cab at that point. Both were sent to their homes at Jackson, Mich. Their injuries were not critical.

The robbers confined themselves to the baggage and mail cars and did not attempt to enter the coaches. Train No. 14 leaves Chicago at 3 p. m. and is due in Detroit at 10:35 p. m.

The fact that the robbers beat up the engineer and fireman and extinguished the fire in the engine delayed news of the occurrence nearly an hour.

CHARGES DEMOCRATIC TARIFF BILLS INVARIABLY FAVOR SOUTH

DENVER, Colo., Sept. 27.—Democratic tariff bills invariably favor the south, Charles Warren Fairbanks, Republican candidate for vice president charged in a speech at the auditorium here tonight. Gov. Geo. A. Carlson, many state officers and scores of men prominent in Republican circles in Colorado were in attendance.

"We should have no sectional policies; no sectional administration for we are all so related, so bound together that we should consider before all things else our common welfare."

ADVOCATE ELIMINATION OF PUBLIC WARDS IN HOSPITALS

PHILADELPHIA, Pa., Sept. 27.—Elimination of public wards in hospitals was advocated by speakers at today's session of the convention of the American hospital association. Many of the delegates expressed the opinion that public wards fall to provide the quietness that is necessary for early recovery of patients and it was predicted that in another generation all hospitals will be constructed so as to provide a private room for every patient.

Discussion of the subject was led by Asa S. Bacon of Chicago. He declared that charity patients are just as worthy of the best treatment as are millionaires and suggested that instead of placing a score or more patients in one large room the hospital provide a separate room of about eight by ten feet.

EDGE LEADS IN CONTEST FOR G. O. P. NOMINATION FOR GOVERNOR

TRENTON, N. J., Sept. 27.—With returns lacking from only 146 districts in the state, Walter E. Edge had a lead tonight of 2,537 votes over Austen Colgate, his closest rival in yesterday's three cornered primary contest for the Republican nomination for governor. The vote was:

Edge, 70,396; Colgate, 67,859; George L. Record, 25,054.

Former State Senator Joseph F. Frelinghuysen won the Republican nomination for United States senator from former Governor Franklin Murphy.

The nomination of Senator James E. Martine by the Democrats for United States senator to succeed himself was conceded by his opponent, Attorney General John W. Wescott.

McCourt won the title last June from Charles Ellis formerly of Pittsburgh.

GIVES VIEWS ON ADAMSON BILL

PITTSBURGH, Pa., Sept. 27.—Charles E. Hughes went thru the big steel-making district of Pittsburgh today addressed thousands of workingmen who left their work to hear him returned to the city tonight covered with dust and ended the first day of his campaign in Pennsylvania with a speech in the Music Hall of the Pittsburgh exposition.

The chief theme in all of Mr. Hughes' addresses today was the protective tariff. In his night address he dwelt at length upon his views on the Adamson bill the administration's policy toward Mexico, the shipping bill, and what he termed extravagant claims by the administration for progress in business legislation.

Mr. Hughes spoke from a platform upon which were seated Republican and Progressive leaders who have opposed each other in the state during the past four years. In his speech Mr. Hughes emphasized his belief that the Republican party was reunited.

"The breach of recent years has been healed," he said. "And our national aims at this time are conceived to be of such transcendent importance that we know of no difference and are not allowing any former disagreements to impair our unity effort. We are going straight to the mark of providing a sure basis for permanent prosperity in the United States. I should take little pleasure in my candidacy if I did not think that the reunited Republican party was a great liberal party, the party of progress. We are truly progressive, sanely progressive, looking forward to the solution of important problems that this new century will place before us."

Mr. Hughes left at midnight for Trenton, N. J., where he will speak tomorrow morning and Saratoga Springs, N. Y., where he will deliver an address tomorrow night. His voice was greatly improved.

During the afternoon, Mr. Hughes motored 75 miles over dusty roads in the heart of the steel making district. He visited Homestead, Duquesne, McKeesport, Wilmerding and East Pittsburgh, addressing audiences of blue-jeaned mill workers at every stop.

At the close of the journey he was soiled and stained from smoke, grime and dust.

To these audiences, the nominee spoke chiefly of the protective tariff. At one big plant, the 7,500 workers were given an hour of full time to hear him. The managers of his tour estimated that it cost this company \$2,000 in wages to have Mr. Hughes visit their plant.

After the long motor trip Mr. Hughes reviewed a big parade of Republicans tonight. They marched past his hotel, six and eight abreast with umbrellas over their heads, torches lighted and red fire blazing. Nearly an hour was required for the parade to pass.

Members of the Lee county board of supervisors are either candidates for re-election or simply very unusual. They recently voted down a motion made to increase their pay to \$50 a day. The state association of supervisors inaugurated the movement but the Lee county men evidently think they are receiving enough pay for the service they are rendering.

Liquor dealers in convention at Rock Island have started a movement by resolution which they will be slow in carrying into effect. The liquor men propose a law to compensate them for property which they claim becomes less valuable if anti-saloon territory is created. In the past the existence of saloons has frequently greatly lessened the value of nearby property for general commercial purposes and to prove compensation due the liquor men will be difficult indeed.

When Edward M. Nowlin of Granite City sold his patent for \$140,000 recently he furnished an exception to the usual rule in such matters. The man for three years has almost starved himself as he has worked on a patent for a puncture proof automobile tire. When hope was almost gone and as he was worn from work and strain, he succeeded in selling his invention to a relative who is a millionaire. Such occasions rarely happen and the inventors who have received great financial returns are easily counted. Generally after lives of toil some individual or corporation gobbles the inventor's idea and reaps all the financial reward.

Railroad Earnings

The statement of revenues and expenses of railroads for a fiscal year recently closed are of special interest now because of the general discussion of railroad affairs resulting from the recent passage of the Adamson law. The figures from all railroads having an annual operation revenue of more than \$1,000,000 are included in the statement made by the bureau of railway economics from the reports in the hands of the interstate commerce commission. The returns show wonderful advances by comparison with the previous year ending June, 1915. The net operating revenue for June 1916 was \$103,451,443 or \$451 per mile of line which was an increase of 24.6 per cent over the returns in the same month in 1915. These figures are but for a single month but for the whole year the operating revenues increased 16.9 per cent per mile. This increase is not as great as appears upon the surface because expenses of operation also increased for the year. Nevertheless the statistics show that the railroads have completed a year of unusually satisfactory business and the several groups of railroads show net increases.

Rippling Rhymes By WALT MASON

TO THE CROSSROADS

Goodbye, old town, I'm going home, to shuck the corn and plow the loam, to prune the tree and train the vine, and feed with swill the shrieking swine. I was not built for urban life, for city tricks and city strife, and every time I walk the street I'm clobbered by some smiling beat, who sees in me an easy hick, and sells me a gold-plated brick. I'm always buying costly shares in ginseng plants and Bogdan hares, in silver mines and orange groves, and mills that turn out wooden clogs. The smiling fakers of the town! I simply cannot turn them down. They charm me with their sunny smiles, they fascinate me with their wiles, and sell me, from their catalogues, tin motor cars and hairless dogs, and remedies that grow new hair on domes of thought that long were bare, and lithographs of Statesman Hughes, and ships and sailing wax and shoes. Tomorrow, if you look for me, my form in town you will not see, though you may rake it with a comb—goodbye, old town I'm going home!

Judge Clements' Reasonable Suggestion.

Perhaps one reason railway employees in the recent argument over the 8 hour demand were unwilling to refer the whole question to the interstate commerce commission for investigation was because they knew the views of Judson C. Clements of the commission.

In a recent address Judge Clements has come forward with a suggestion for preventing railway strikes which to the unprejudiced mind carries with it a vast amount of logic and reason. It is a simple suggestion but would be far-reaching in its effect. In brief, Judge Clements has the personal view that an employee of a transportation company should be held jointly responsible with the company to the public for the service rendered. In other words, he believes that not only the transportation companies but the employees of the companies, are engaged in interstate commerce. The plan, if adopted, would increase the obligation of employees but would not curtail their rights as provisions would be made for a full investigation of any controversy resulting from the demands of employees.

Judge Clements suggested writing into the law "a legally established obligation and duty upon every employee who seeks and accepts service with the transportation companies not to leave the service or combine with others to do so on account of any controversy thereafter arising concerning any change in the conditions of service or rates of compensation except upon due and reasonable notice, to be prescribed by statute, permitting a sufficient length of time for a fair and impartial investigation and determination of the matter in controversy, either by arbitration or some duly constituted public tribunal."

"Employees are affected in respect thereof, in the same way and to the same extent as are the companies themselves, with a public interest, which they can no more ignore than can the transportation companies."

MAY PAVE LOCKWOOD PLACE.

Residents of Lockwood Place are planning for an asphalt pavement. A petition is to be circulated and it is believed there will be little difficulty in securing signatures representing more than a majority of the frontage. Some of the property owners are especially anxious for the improvement because Mound avenue is to be paved with asphalt and to have Lockwood Place paved from College avenue to Mound avenue would constitute a splendid improvement.

MARY PICKFORD

—AS—

"POOR LITTLE PEPPINA"

In which the screen's foremost favorite again triumphs in an unusual characterization. Though her countless admirers do not require Mary Pickford to give any further proof of her amazing versatility, this supreme screen favorite renders another novel character-interpretation in the Famous Players Film Company's spectacular and thrilling production, "Poor Little Peppina." As Peppina, the boundless scope of Mary Pickford's art is illustrated in her delineation of the various roles of the child of wealthy Americans kidnapped by Italians and made to work in a Sicilian vineyard, a stowaway disguised as a boy, a newsie, a bootblack, a fruit vender, an employee of an opium den, a messenger boy, and finally, the restored millionaire's daughter who comes into her own. With this diversity of atmosphere and interest, and with its many dramatic and amusing episodes, "Poor Little Peppina" will undoubtedly be accepted as one of Miss Pickford's foremost triumphs.

The Rev. R. B. Wilson, pastor of the Presbyterian church in Hillsboro, was called to the pastorate of State Street Presbyterian church Wednesday evening at a called meeting of the congregation, following the prayer service. Dr. A. B. Morrey was moderator of the meeting, with J. H. Hackett serving as stated clerk. The committee on pulpit supply made a report recommending Rev. Mr. Wilson and this action was favorably received by the congregation.

Rev. Mr. Wilson has been in Hillsboro six years. He is forty-four years old and is accounted one of the strong ministers of the denomination in Central Illinois. He was heard in Jacksonville some nine months ago and was again heard from the pulpit of State Street church last Sunday. Those who are familiar with the work of Mr. Wilson feel highly gratified at the sending of the call and the wish is strong that a speedy acceptance be received.

During Rev. Mr. Wilson's pastorate, the Hillsboro congregation erected a new church building and now have the building free from debt.

GEECEE DECIDES ON MILITARY CO-OPERATION WITH ENTENTE

Reported Decision is Said to Have Been the Outcome of a Conference With the King, Loyal Generals and the King's Closest Advisors.

London, Sept. 28.—With the exception of a decision to cooperate in a military sense with the entente powers reported to have been reached by the Greek king and his cabinet the despatches received in London from Athens throw little light on the complicated situation in the Hellenic kingdom. The reported decision for military collaboration with the entente is said to have been the outcome of a conference with the king, loyal generals and the king's closest advisors during which they elicited a promise that he sign a decree for a general mobilization before Premier Venizelos has time to reach Saloniki.

M. Venizelos, who landed at Canea, Crete, Tuesday morning was given an enthusiastic reception, being escorted by 10,000 Cretans thru beflagged streets. Replying to a speech of welcome, M. Venizelos declared that he was making his last appeal to the king.

"I express the hope that at the last moment the king will conform to the wishes of the nation and the people," he said.

MAKE SECOND ATTEMPT TO GET WILSON ON RECORD

Grand Junction, Colo., Sept. 27.—A second attempt was made tonight by the Prohibition national campaigners to get President Wilson on record as to his stand on the liquor question. A telegram signed by Oliver W. Stewart, chairman of the dry campaign committee was addressed to the executive at Shadow Lawn. It repeated that the California wets were using his name to add them in their fight, called his attention to the first telegram and wired that an answer would reach the Prohibition train at Ogden any time tomorrow.

Chicago, Sept. 27.—Fraudulent manipulation of election returns was charged in a petition filed today by Hubert Kilens contesting the nomination of Frank C. McNichols and Timothy D. Murphy as Democratic candidates for the office of representatives from the fourth senatorial district to the general assembly.

NEW LUBRICANT RESISTS HEAT PREVENTS RAPID SEDIMENTATION

Ordinary oil breaks down under the terrific heat of an automobile engine. Within a few hours, black sediment is formed which partially clogs out the remaining liquid from the friction points where lubrication is most vital. Such under-supply of oil causes friction between the metal surfaces, intense heat, loss of power and expensive repairs.

The new lubricant that resists heat prevents rapid sedimentation, insures generous lubrication, and, except where mechanical faults exist, prevents carbon.

Relative Oil Destruction

The contents of the bottles shown, illustrate the relative durability of ordinary oil and of Vedol the new lubricant that resists heat. Vedol deposits only a small fraction as much sediment as ordinary oils.

There is a fundamental difference between ordinary oils and Vedol. Ordinary oils are un-

stable and therefore unserviceable because of non-heat-resisting chemical structure. Special processes of manufacture developed by this company and the use of Pennsylvania paraffin-base crude oil give Vedol, the new lubricant, its unusual chemical structure, and its remarkable heat-resisting ability.

Make this test

Clean out the crank case. Fill with kerosene. Run the motor about thirty seconds under its own power; then draw out all kerosene and refill with Vedol.

Now make a test run over a familiar road—up steep hills and along straight, level stretches. Keep a record of oil and gasoline mileage.

You will find that your motor has altogether new pickup and oil-chambering ability. Vedol enables you to get the maximum mechanical efficiency from your car and to reduce your expenses. Get a five-gallon can of Vedol, and make this convincing road test.

West Morgan St.

OLD JACKSONVILLE

West College Ave. in 1857

By Enslay Moore.

Member Illinois State Historical Society.

Streets have their characters and changes as much as the dwellers on them. They change in style from their beginnings, and they change as to the people living along them.

The date 1857 is used because the writer came to Jacksonville to live at that time, and learned the geography and people of the town, generally, then, altho having known something of this place from 1849.

Broadwell, Guy, Coffman.

Wm. H. Broadwell had a blacksmith shop at the north west corner of South Main street and College Ave. Later on he put up the large brick, which was afterwards the establishment of John W. Hall, now of his sons.

Mr. Guy, brother-in-law of Broadwell, had a frame, wheelwright place at the corner of Sandy street, in the Broadwell block. This was taken over by the Halls since.

Phillip Coffman, senior, lived in a one-story brick house, on the south west corner of Main and the avenue. His barn was where the brick, Hockenbuhl, building is now, corner of Sandy street.

Thomas, Cobb, Hardy.

Judge Wm. Thomas owned the north west corner of Sandy, his big house being along the alley north, the house fronting east. Thomas owned west to the alley.

Elijah Cobb had a two story frame house just west of the alley. For years he took students of the College to board there. The place developed into the Southern Hotel, and Dr. C. E. Black's sanitarium.

At the north east corner of West street was a long, low, one-story frame house occupied by the widow of the Rev. Solomon Hardy. She was a Barton, so her son was S. Barton Hardy, since of Denver, Colo. Burdett, Richards, Edgar, Chamberlain.

The house, south west corner of Sandy, was a story and a half frame, with pillars in front, and a one-story wing on each side of it. The older people called it the "Burdett house", but it was then occupied by Mrs. Richards, whose daughters married Dr. E. S. Jones and Louis C. Barrett, respectively. She had sons, J. J., Geo. M., and Daniel. The Public Library is now on that lot, the "Burdett house" having been moved to the west side of Diamond street, just below College Ave.

Next west was a frame house, then came a story-and-a-half brick residence, with a basement. It had been painted white, but a good deal of the pigment had worn off, so a lady used to call it "the blushing cottage." This was occupied by Dr. W. S. Edgar, with some lively boys, whom we will call Will, Charley, Ed and Frank.

At the south east corner of West street was a story and a half frame house, occupied by Timothy Chamberlain, who was called "Young Tim" by the older and wiser ones. He took College students to board, and his family predominated in girls.

Tomlinson, Sprague, Whiting.

Joseph Tomlinson, then of Alderman & Tomlinson, clothing men, occupied the north west corner of West street, and that place was his residence to the last, where Joseph, Ed, Hannah and "Dorie" lived. Mr. Tomlinson was alderman and mayor, and he put up a handsome front, adorned with good clothes.

Next west was a story and a half frame house, with a high stoop and high brick basement, occupied by Joshua Sprague. The house, at least the frame part, now stands at the northeast corner of North and West streets. Mrs. Foster lived in the College Avenue place, with her son Wm. H. ("Cap") and daughter Mary.

An elderly lady, from New England, named Mrs. Whiting, lived in the brick house still standing at the corner of the alley, this house being afterwards occupied for years by the wife of Col. Kimman. It was one of the largest and best houses of its day. Mrs. Whiting had one or two single daughters.

West of the alley there was no house till nearly the corner of Church street, when there was a small one, occupied, probably, at that time by Morris Justice, uncle of the base ball expert of today.

Next west, at the south east corner of Church, was the frame residence of the Rev. George C. Wood, a well known Presbyterian minister. He was the father of George W., who died in the War, and of Rosa, now Mrs. W. H. Govett, of Quincy.

Owen, English, Broadwell, Elliott.

There was a two story frame house at the south west corner of West street, then came a long, brown, one story frame, with a basement. This was the home of Mr. Owen, who had several daughters since prominent.

Across the alley west was the old style home of Dr. Nathaniel English, grandfather of the present lawyer, Henry W. English. Dr. English was an early settler, and long prominent. His house was a story and a half brick, with a high basement, and a porch in front of the house. In the north east corner of the lot was the Doctor's little white frame office. This half block is now oc-

cupied by the Strawn mansion.

Wm. H. Broadwell's house, still standing, and owned by the family, came next.

A large, story and a half brick house, with high basement, stood well back in the yard, at the south east corner of Church, where the Christian church is now. This was the home of Mr. Edward Rumsey Elliott, father of the present banker, Frank Elliott.

The Academy, Prof. Nutting, King.

The Jacksonville Female Academy lot then occupied, as it does now, the block from Church to Fayette streets. And it was Dr. Ero Chandler who presented that beautiful site to the institution. Stand up and drink to his memory!

At the south west corner of Church street was a little story and a half, basement, house, built of brick, formerly occupied by Judge S. D. Lockwood. Prof. Rufus Nutting of Illinois College, dwelt there, in 1857. It was last the home of Mr. and Mrs. Gates Strawn.

Joseph O. King, occupied the west half of that block, to Fayette, in the house still standing. He was long known in connection with the Gas Co.

Jones, Congregational Church.

Dr. Henry Jones owned all the block, from Fayette to Kosciusko, with a small, white frame house, fronting east, about half way to Morgan street.

The Congregational people sold their church on the east side of the square that summer, and then, presumably, bought the west half of the Jones block, upon which they soon began building their present church edifice.

H. K. Jones, Kirby.

Dr. Hiram K. Jones occupied the half block at the south west corner of Fayette street, and had a small house there, which he afterwards greatly enlarged, to its present size. There Wm. J. Bryan spent his College days.

Mrs. Kirby, widow of the Rev. Wm. Kirby, occupied a little story and a half frame house, with the inevitable basement, at the south east corner of Kosciusko street. She was a Wolcott, and mother of Judge and Capt. Kirby, and of Mrs. Jas. McLaughlin.

Connell, Goltra.

J. O. Connell occupied the north west corner of Kosciusko, in the pretty brick house, now occupied by Mrs. Henry H. Hall.

The west half of the block was the home of John W. Goltra, in a small brick house, which Mr. Goltra enlarged in 1858 to a handsome building. It is at the north east corner of Prairie street.

Stryker, Sanders.

Mr. Henry Stryker, father of the present Henry Stryker, lived at the south west corner of Kosciusko street, in a good sized story and a half frame house, with a brick basement. The frame part now stands on the west half of the same lot.

Next west, to Prairie, was the home of Prof. W. D. Sanders, of Illinois College, afterwards the home of the McCartneys, and now that of Mrs. Irving Dunlap, who has much improved it.

Epler, Smith, Parsonage.

Cyrus Epler, afterwards Circuit Judge, lived at the north west corner of Prairie street, in a rambling, white, frame, one story house. Next was the story and a half frame of J. B. C. Smith, known as "Alphabet" or "Beehive" Smith. There was the parsonage of the Congregational church, about three hundred feet west of Diamond alley, and no house till the present Westminster church site. On it was a two room house, with a lean-to.

Hicks, Dickson, Gaddis, Rowland, Harrison, Stevenson, Hastings.

I. S. Hicks, formerly Sheriff of Morgan county, lived in the Gothic at the south west corner of Prairie street. Then came A. C. Dickson, in the Dummer place. Dickson was Buchanan's U. S. Marshal in Illinois. Then came the pretty brick house of Dr. Gaddis, Diamond street was not opened south, then, to College street, and a Mr. Rowland came next. He had two boys, Vance and John. Wm. Harrison had a good, large, two story frame house next. He was a furniture man, and father of Capt. Wm. H. Harrison. Elliott Stevenson had another large house next to Harrison's. Then came a pretty little Gothic, probably the home of Mr. Hastings, where some of the students boarded. The next, and last, house, at the south east corner of Westminster street, was an old fashioned story and a half place.

Henry, Russell.

The Hon. John Henry, who had been a state senator and a member of Congress, lived in a little frame house, north west corner of Westminster.

Dr. Samuel Whipple dwelt in the two story house, now moved back on Westminster street, at the south west corner, and next west was Judge Henry B. McClure, father of the present Mrs. Henry Stryker. Mr. Stryker now owns the place.

Searfoss, Adams, Storer, Turner.

Tonight, after brushing your teeth, examine them closely. You will likely find an accumulation of tartar on the enamel and bits of food deposit hiding in the crevices.

Decay, as well as the dangerous gum disease called Pyorrhea, usually develops only in the mouth where germ-laden tartar is present. ner of Prospect street, since known as Miss Ellis' "Rose Cottage."

There was no other house till it came to that of Dr. Samuel Adams, of Illinois College, now the home of Mr. J. P. Lippincott, and Park street was not opened to State, at that time.

A little Queen Anne sort of a house, was that of Dr. Storer, a druggist, first west of Dr. Adams' west of the reservoir.

St. F. Carriel. From there to Asylum street, in front of the School for the Deaf, there was not a house, the land being used to raise Osage Orange plants on.

Johnson, Kibbe, Illinois College

A little, one story, plastered house stood at the south west corner of Prospect street. It was owned by a Jimmie Johnson, a baker. It came to be unoccupied a good deal of the time, and the hedge of osage orange about it was much overgrown. A few doors west was a small, story and a half house, usually rented.

The large, two story house of J. Kibbe, an old time merchant, stood at the south east corner of Park street and the avenue. This was the last residence on that side of the street.

The grounds of Illinois College came next, with an unbroken hedge fence until the limits of the town were reached, at City Place, now west of the reservoir.

STOCKS AGAIN EXPERIENCE A PERIOD OF EXCESSIVE ACTIVITY

The So-Called Harrimans Afford a Foundation for Later Operations in More Speculative Favorites.

New York, Sept. 27.—For the nineteenth consecutive session, exclusive of two week-ends, today's market experienced another period of excessive activity which again lifted the total dealings well beyond a million shares.

The so-called Harrimans, particularly Union Pacific which led all stocks in the extensive trading of the forenoon, Reading, Norfolk and Western and other coalers, the Grangers, New York Central and Pennsylvania afforded a foundation for later operations in more speculative favorites.

Coppers lost none of their favor as mediums of feverish speculation. Motor shares, which seem to respond to any definite movement in metals were mostly at higher quotations.

There was a marked revival of interest in shipping shares. Sugars trailed in the wake of marines.

Final prices in a majority of instances were at fractional or one point recessions from the day's best. United States steel, which traversed an exceedingly narrow radius, closing at 115 1/4, a net gain of 1/4 point. Total sales amounted to 1,485,000 shares.

An appreciable increase of activity was shown by the firm bond market, total sales, par value, aggregating \$6,420,000.

United States bonds were unchanged on call.

PROSPECTS OF BREAKING DROUGHT IN ARGENTINA WEAKEN WHEAT

Outcome is an Unsettled Close at 1 to 1 1/2 Cents Net Lower.—Corn Develops Firmness Owing to the Rains.

Chicago, Sept. 27.—Prospects of a break-up of the drought in Argentina had a good deal to do today with weakness, which developed in the wheat market here. The outcome was an unsettled close 1c to 1 1/2c net lower with December at \$1.52 1/2 to 1.53 1/2 and May at \$1.52 1/2. Corn wound up unchanged to 1/4c higher, oats off 1/4c to 1/2c and provisions varying from 25c decline to a rise of 15c.

Wheat traders were in a bearish mood from the outset. It was not until news was received of unsettled weather in Argentina that the downward swings in values attained the greatest impetus shown during the session.

Notwithstanding that numerous rallies took place in the wheat market, commission house selling became more and more aggressive, especially in the last hour when one house alone disposed of more than 1,000,000 bushels in the pit.

Corn developed firmness owing to welcome rains. Moisture was regarded as harmful to the crop at this stage. Oats tended to sag in the absence of any urgent call from the seaboard. It was said Canadian reserves amounted to almost 50,000,000 bushels.

Lower quotations on hogs pulled down the provision market. On the decline, the packers became active buyers of the nearby deliveries and caused something of a rally.

33,000 sheep.

With 23,000 cattle today in connection with a total at the six principal markets amounting to 104,000 made a dull and lower market. Early the buyers were working for prime beef steers — yearlings and handy to good weights, and such in the smallest supply of any Monday this season, and when the market got under headway they were sold generally 10c higher, and in some cases, even more advanced.

However, little has been done in other grades up to around the noon hour.

Choice selected, \$7.50 to 7.65.

Run of rangiers about 5,700.

Good to choice strong to higher.

For over a third of a century this house has pursued a policy that has made for itself the name of both style & bargain center of this section and women have come to expect and depend upon us to be first to show the newest and best that the markets afford. Beginning in the year 1881 with a small equipment, it has pursued its way now for 36 years, until today we are ten times the size of the original concern and any one of 35 salespeople will direct or await your wishes.

There must be a reason for this constant and steady growth. The answer can only be found in the fact that fair and courteous treatment are always to be had, together with correct values.

This will be a tremendous sale. Upon no previous occasion have our efforts been so productive of good bargains; nor have we at any previous time shown the comprehensive assortment that will greet you upon this, our 36th Anniversary Sale. We have prepared for this event most thoroughly, surveying many different lines, both domestic and foreign, and we are warranted in saying that everything will be much in excess of your expectations.

Our lines of ready-to-wear apparel are so far in advance of anything that we have previously shown that although gathered lavishly from the recognized style centers, you will at once perceive the scrupulous care that has been used in the selection of garments that show both originality and individuality to an extent of a great triumph for this, the most popular garment department in the city.

CHAUTAUQUA REPORT SHOWS
GOODLY TREASURY BALANCE

Directors Announce Plans for 1917
Are Well Under Way—Balance to
Be Used for Contingency Fund.

At a recent meeting of the Jacksonville Chautauqua association held at the Farmers State Bank & Trust company the secretary's financial report was received and approved. The report showed the gratifying fact that the association after paying all expenses has a balance in the treasury from the last chautauqua of \$718.14. The detailed report is on file in the secretary's office and can be examined by anyone interested.

The directors realize that the success of the chautauqua this year was due not alone to the excellence of the program but to favorable weather and road conditions, and the careful management of the finances. The year has been closed with a nice working balance and it is the idea of the directors to carry forward this sum as a protection against a deficit which might result from the next chautauqua if a rainy season were encountered or other unfavorable conditions should arise. Certain it is that each year the ideal conditions which prevailed for 1916 cannot be expected. It is possible that a small portion of the balance may be used in some improvements on the ground for the benefit of the tent colony of the next chautauqua. The directors have already booked a number of high class attractions and still others are in prospect. The program for 1917 promises to be very strong musically and particular attention is to be given also to the morning programs. The expectation is to secure the services of someone who will provide attractive morning hours for boys and girls and demonstrations in household science. The morning programs will be especially for the benefit of the tent colony; they will be strong enough to attract the interest of others. The 1917 chautauqua, according to the well defined plans of the directors, will surpass even the excellent record of the past.

The condensed secretary's report is as follows:

WORK OF THE YEAR BEGUN
AT SCHOOL FOR THE BLIND

Students Assemble for First Chapel Service Wednesday—Enrollment Will be Well up to Standard.

The regular work of the year was begun Wednesday at the Illinois School for the Blind with every indication for a very successful term. Some new school rules were touched upon by Supt. H. C. Montgomery in the course of a brief address to the students assembled for the first chapel exercise.

The exact figures are not yet available, it is certain that the enrollment will be a full one and it is probable that attendance will exceed that of last year.

All the teachers were on hand for the first day's work except three, Miss Bess Newman, one of the grade teachers; Miss Anna Lagergren, instructor in manual training, and Mrs. Louise B. Inglis, principal of the literary department. Mrs. Inglis has been taking treatment in a Wisconsin sanitarium and will not return to Jacksonville for several weeks. Miss Lagergren visited her home in Sweden and delay in sailing has postponed her arrival until about Oct. 10. Miss Newman is ill.

WHAT ARE YOU GOING TO DO WITH THAT BOY? WHY NOT SEND HIM TO BROWN'S EVENING CLASSES WHERE HE WILL GET A THOROUGH BUSINESS EDUCATION. PHONE TODAY TO 987, ILL.

MR. JESSEN'S RECITAL

At his recital at Illinois Woman's college this evening at 8:15, Mr. Carl Jessen will play among other compositions the Prelude, fugue and variations by Caesar Franck, the great Belgian master. This was originally written for the organ and has been transcribed for the piano by Harold Bauer. The fugue is a striking bit of modern contrapuntal writing and shows Franck's genius and thoro mastery of form. The public is invited.

Another number of especial interest will be "In Dir ist Friede" by Bah-Busoni. This is a good example of the choral-prelude, a variety of composition which stands among the highest forms of sacred music writing. Busoni is one of the world's greatest Bach scholars and his adaptation of this selection of the great master is indeed noteworthy.

The trial of Pete Haxton charged with liquor selling, was continued in the county court Wednesday and at the conclusion of the taking of evidence and argument the jury brought in a verdict finding the defendant guilty on one count.

At the conclusion of the Haxton case in the afternoon a jury was empanelled to try W. C. Teaney of Franklin, who is also charged with selling liquor in local option territory. The information against Teaney was filed by W. C. Calhoun as a member of the Franklin town board. George Wood, president of the Franklin town board, testified that he purchased a bottle of wemo from Teaney which was delivered to W. C. Calhoun and by him transferred to Professor Sherman Leavitt of the faculty of Illinois college for analysis. It is claimed that the analysis showed as much alcohol as is found in the average beer. Mr. Teaney is defended by John M. Butler and State's Attorney Haigrove is prosecuting the case.

Many witnesses have been summoned from Franklin, the list including George Boulware, Otis Leake, C. H. Featherstone, Newton Wood, Fred Snow, James Whitlock, Ora Wright, W. As soon as he realized what was on hand he surrendered gracefully and proceeded to make his self invited guests feel fully at their ease. His victrola was brought out, Prof. Stearns gave some fine numbers on the piano in his fine manner and with games and sociability the hours passed swiftly away. The visitors brought along nice refreshments which were much enjoyed, and all left wishing their classmates and pupil a happy and successful trip.

SPECIAL SERVICE AT WESTMINSTER

At Westminster church last night the spirit of rally day service was extended to the prayer meeting and more than fifty members were present. After the usual order of service conducted by the pastor, Rev. E. B. Landis an address was made by Mr. Rossiter of Chicago, who has made a special study of church affairs. Mr. Rossiter illustrated the talk with charts and he was heard with very great interest by the church people present. Mr. Rossiter has found that "efficiency methods" as applied to churches bring results just as well as in business affairs. Following the address the members adjourned to the church parlors where the time was spent socially and sandwiches and coffee were served.

ONE HUNDRED ENROLLED IN I. W. C. FRESHMAN CLASS

Arrival Since Opening Day Brings Number to This Figure—Represent Ten States—Other Students Seek Advance Standing

It sometimes happens that attendance estimates are overly sanguine but this has not been the case at Illinois Woman's College this year, where the accurate compilation of figures shows that there are 100 enrolled freshmen. On the opening date it was believed that the number would be about eighty but other students who have come in since the opening date have swelled the number to a full hundred. They are all without conditions and represent ten states, Illinois, Indiana, Missouri, California, Minnesota, Michigan, Kentucky, Ohio, Iowa and Colorado.

Another condition which gives the management and faculty of the college special satisfaction is that there are enrollments from seven other institutions for advanced standing in educational work. The institutions represented in this list are Northwestern University, Augustana college, William & Vashti, Hedding, Bradley Polytechnic, Simpson college of Iowa and the college at Albert Lea, Minn. This enrollment indicates the high place that the Woman's college has taken thru its advanced courses in the list of institutions for the education of women.

HOWARD FINLEY IN TROUBLE AGAIN

M. A. Taylor swore out city and state warrants for Howard Finley yesterday charging assault and battery. Taylor operates a lunch stand in North West street and he alleges that Finley assaulted him Sunday, knocking him down and kicking him. After that Taylor says Finley said if he, Taylor, had him arrested he would kill him. Taylor also got out a warrant for Finley for threats to kill.

Finley got into trouble several weeks ago on a Wabash passenger train. He was taken off the train by a Wabash detective and made such a fight that when he was arrested and taken before Justice Dyer he was fined \$50 and costs. He just recently completed serving a jail sentence for the above offense.

NEPHEW OF W. J. FELL KILLED IN EUROPEAN WAR

Young Man Enlisted From Canada—Circumstances Surrounding Death Particularly Sad.

W. J. Fell of South East street has received news that his nephew, Fred Fell, was killed recently in an engagement in the European war. The young man was a son of Mr. Fell's brother, Henry Fell, of Hamilton, Canada. He went to the front with Canadian troops and the family has received no details other than the statement from another son, William John Fell, that his brother had been killed. Fred Fell was a machinist serving with a machine gun squad and made early enlistment when the call to aid the mother country was received in Canada. The death of young Fell furnishes another illustration of how far-reaching is the sorrow brought about by the war. Since millions of soldiers are engaged in the conflict it is certain that each day hundreds of thousands of homes are turned into houses of mourning.

A Canadian paper has the following notice of the death:

Shortly before noon today came the announcement that Pte. Fred Fell son of H. K. Fell, a member of the fire department of this city, was killed in action on September 9, just two days after he celebrated his birthday in the trenches. Touching indeed are the circumstances surrounding his death. He left his two aged parents soon after the declaration of war and was married before his departure overseas. When he sailed for France a babe was born. In letters home he talked of his home-coming and about his child. He was 26 years of age, and for the past two years has been in uniform. He left Hamilton about Christmas time in December, 1914. His brother, William J. Fell, is a member of the 86th Machine Gun battalion.
